## Learn to read TAROT

You've had tarot reading, you've seen others do it,  
now it's your turn to **READ THE CARDS...**

### Learn Tarot for Yourself and Others!

It's not difficult, and it's fun! Learn to let the cards and spirits speak through you. Join this lively and high-spirited group as we connect with the cards and spirit to bring wisdom and answers out of shadow and into consciousness. This six-week beginners course is intended to allow you to gain working knowledge and comfort with the tarot. You will walk away with an understanding of each card and how they "speak" in the layout. We will also cover specific spreads and tarot profiles personal to each class participant. Learn to use tarot comfortably in your daily process.
